Thank you for taking the time to complete this enrollment application. This is required document for enrollment in this program.

As the studio owner and co-creator of this 300 HR YTT, I hold the responsibility to provide the best container for you as a teacher in this advanced teacher training. Part of that role is to ensure that the chemistry of the group will support everyone growing and learning together. Along with the other faculty for this training, we will review your qualifications and be in touch with you.

Completing this enrollment application openly and honestly will help us make the best assessment of whom to take into this program at this time.
